**ADMINISTRATIVE INFORMATION**

**Processing information**

Inventory by volunteer Jill Linas, 2002; introductory information by Christine Nelson, 2004. After Carosso's death, the collection was transferred to the Morgan Library in boxes and placed in filing cabinets. The boxes were apparently not unloaded into the filing cabinets in their original order. The folders have been removed from the filing cabinets into archival boxes, but no attempt has been made to recreate the original order.

**Provenance**

Typescript of *The Morgans* was the gift of Mr. Carosso, 1975; the remaining material was the gift of the estate of Vincent P. Carosso, ca. 1993.

**Accessibility**

The collection is open for research by appointment. The following page provides information on conducting research in the Morgan's Reading Room:

<http://www.themorgan.org/research/reading.asp>

The Morgan Library provides access to the Carosso papers but does not hold copyright on most documents. File photocopies of documents from other institutions may be examined but permission to publish must be sought from the holding institution or copyright holder. Photocopies of documents held by other institutions may not be photocopied.

**DETAILED COLLECTION INFORMATION****Scope and content**

Extensive working papers of Vincent P. Carosso, Professor of History at New York University, used in the preparation of his books *Investment Banking in America: A History* (Harvard University Press, 1970), *The Morgans: Private International Bankers, 1854-1913* (Harvard University Press, 1987), and a sequel, left unfinished at his death, tentatively entitled *The Morgan Partnerships: Private International Bankers, 1913-1940* (seven chapters completed through the year 1919; typescript available on microfilm). Included are photocopies of primary sources, including documents from Morgan Grenfell, London (including hundreds of pages of firm cables); the Lamont Papers, Baker Library, Harvard University; the National Archives; the Hoover and Roosevelt presidential libraries; and the Ministry of Finance, Paris. Also included are extensive photocopies from secondary sources, annotated by Carosso, including articles, book chapters, book reviews, dissertations, and newspaper clippings. There are brief biographical files on partners in the Morgan firms and occasional notes on interviews conducted by Carosso in the course of his research. The main topics covered are securities, investment banking, and the Morgan firms. Included is a small amount of Carosso's correspondence related to his research. No personal papers are included.

**Arrangement note**

The collection remains in Carosso's original folders and no attempt has been made to arrange it further. The inventory below is simply a transcription of the information supplied by Carosso on the folder tabs.

**Preservation note**

The collection is housed in acid-free boxes but papers remain in Carosso's original folders. Metal fasteners have not been removed.

**Related material**

[Descriptions](#) of additional material related to Vincent P. Carosso are available in CORSAIR.
